Plan 1
Nonchalantly drop an eraser. When someone picks it up, thank them and start the conversation from there.

Alright!
Yeah, that's a perfect plan.

Oh dear, I dropped it.

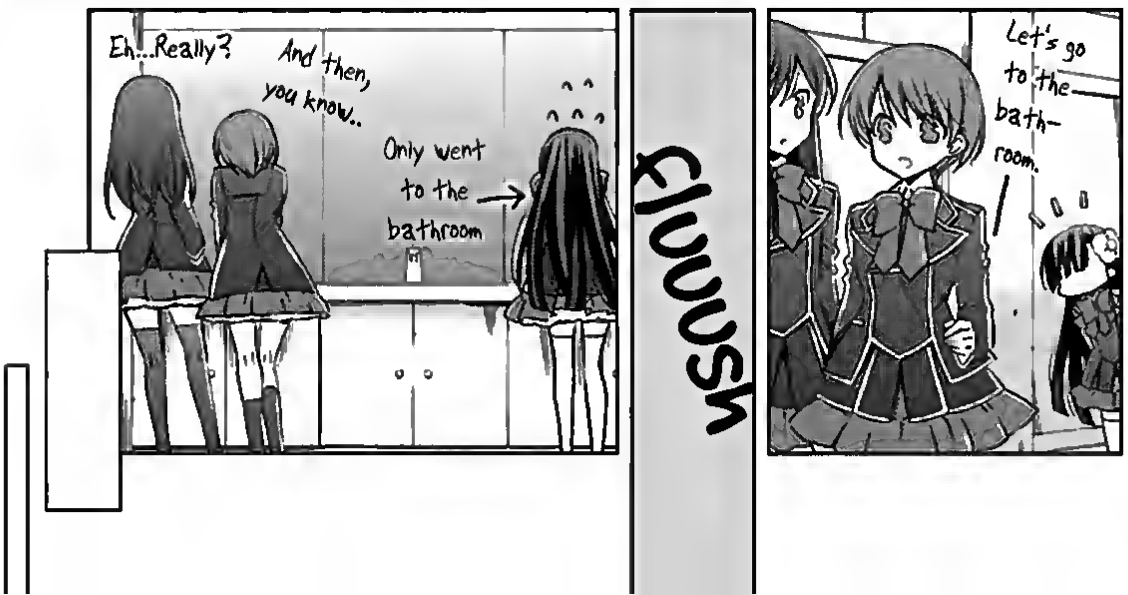
Start up a conversation in the bathroom.
However, take care not to
act like a stalker.



Eh...Really?
And then, you know..
Only went to the bathroom →

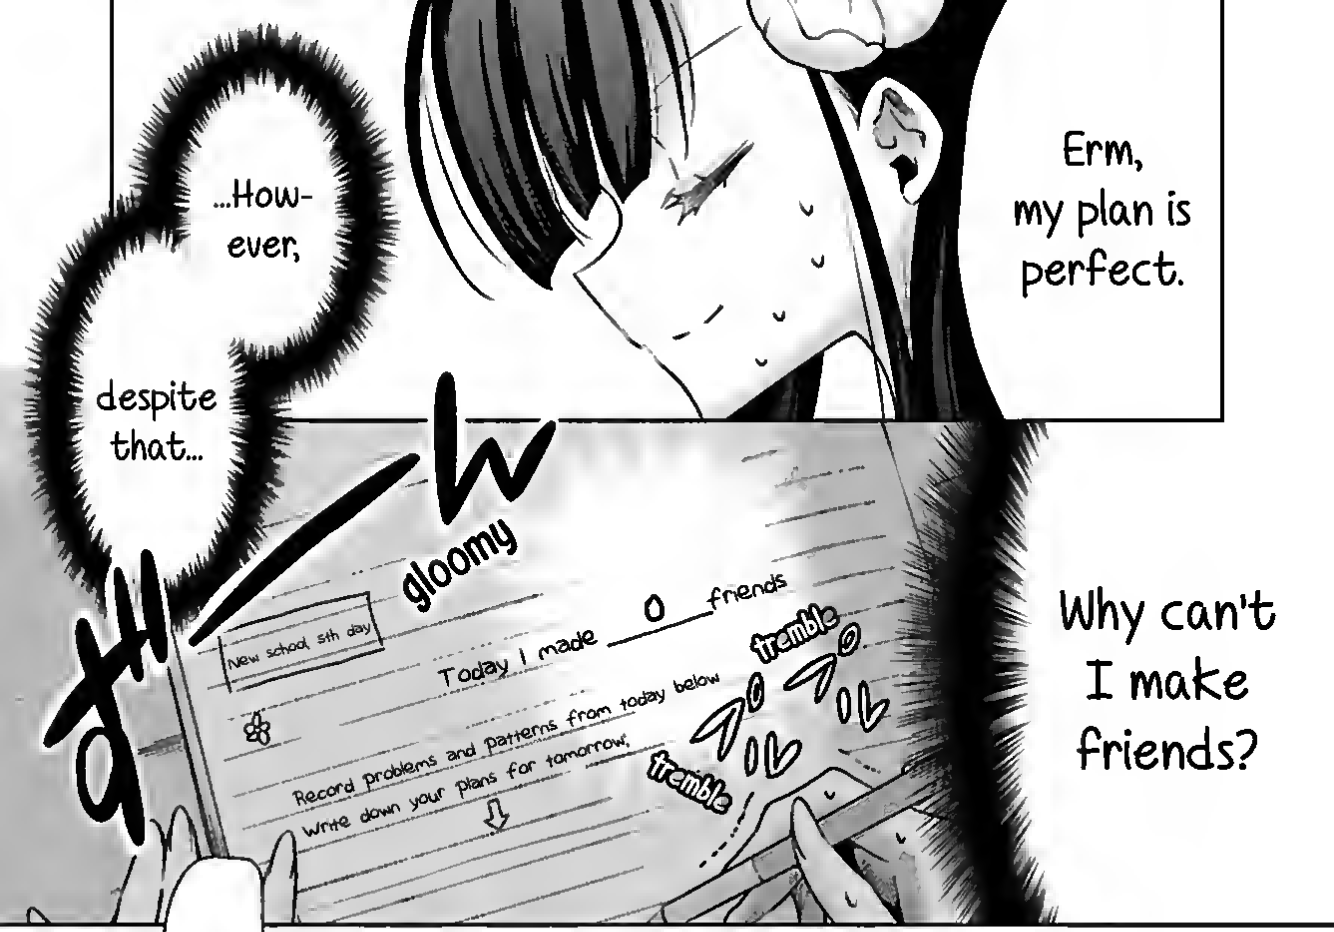
Let's go to the bath-room.



Q Why can't I make friends?

Hey, just because this is the student council room doesn't mean that normal students won't come in, you know.
Restrain yourselves, Shion, Aoi!
Aw man, we got caught by the student council lady.

Don't you know that, young Papiliodaemon Iris-chan?
For Papilio-daemons, sucking blood is a meal.
Serious
Oh, really?
slam
I'm not one yet, I don't bite out of my own volition!
Hurry up and find your bride!
After all, Papiliodaemons are what they are. Unlike humans, they can't resist their instinct, you know?
Wha-
Iris is scared!
I see, what a shame,
Or, could it be that you don't have the courage to suck blood out of someone?

That's- That's not true!
Finding a bride is not just about tying someone up to get rid of my frustration.
That's not how I want it.
realization
So-Sorry Aoi.
I don't mind what you think about Papiliodaemons, or your bride,
but I'm with Tone-sensei of my own will.

isn't it pretty bad for a teacher to be hitting on a student?
You just commented on it.
Well ...

You can't escape your destiny anyway.
I wonder what kind of bride you'll pick, as she'll surely be quite a display.

What are those? Besides that, they're sucking blood while kissing...?
I-I haven't seen anything, so...

She's called Ayafuji-san.

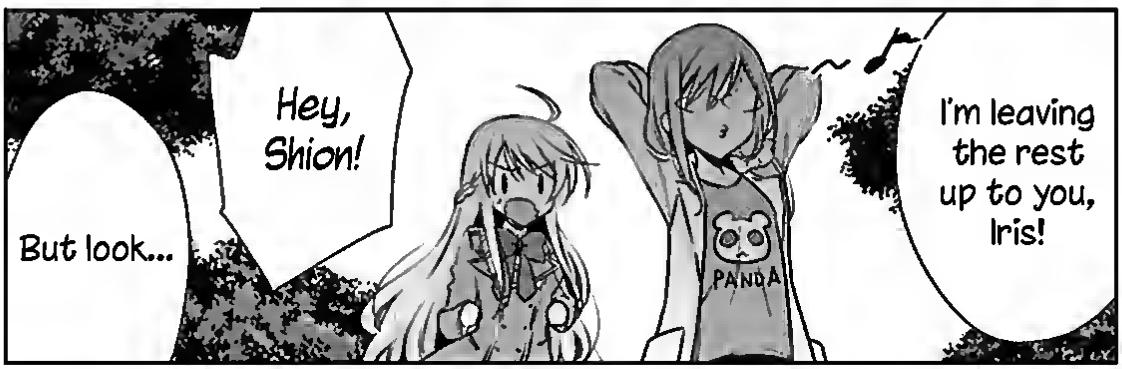
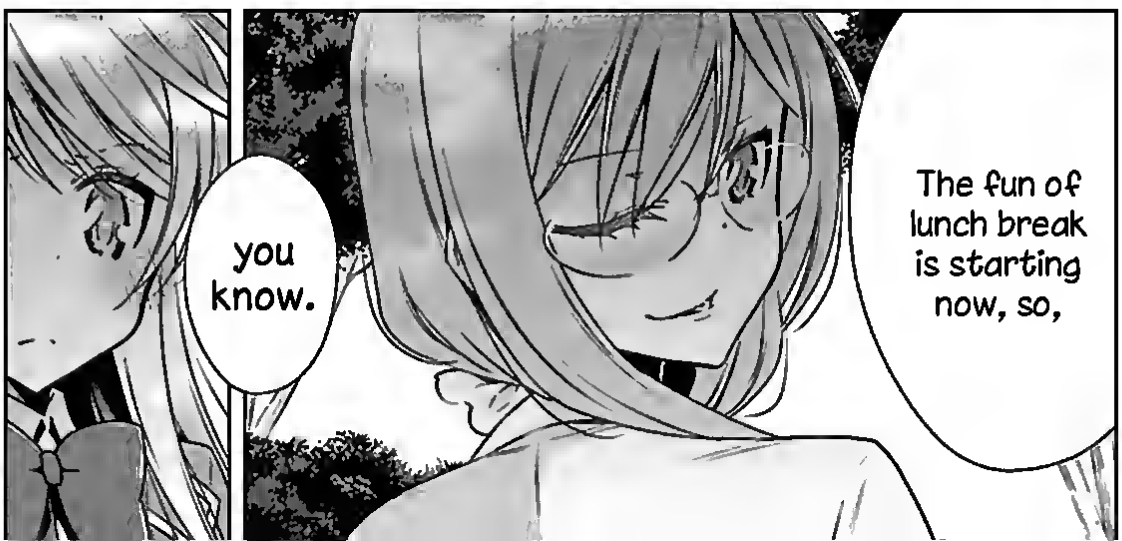
It's fine. She won't spread any rumors, I think. Regardless-
Hm...

she doesn't have any friends to tell.



But look...
Hey, Shion!
I'm leaving the rest up to you, Iris!
PANDA



you know.
The fun of lunch break is starting now, so,

If we need to quiet her, though, we have the means...
Jeez sensei, you reek of blood!

Pardon me, but I'll be leavi-.
Huh, so you're turning down a call from an upper-classman!
That's quite brave.
It seems like you're a transfer student. You don't want to lose the whole of your fun little high-schooler life, right?
Right... I think you've guessed why I've called you here, haven't you?

I see, what a shame,
Iris is scared!

This is stupid.
Make her shut up...
If we need to quiet her, though, we have the means...

I don't feel like sucking blood out of such a dense-looking girl.
Like by sucking her blood.
No no no, no, no, no.
realization
You could make her an accomplice by sucking her blood!
You can drink blood Iris, so it's two birds with one stone!
Blood is so tasty that your body melts when you drink it.
gulp

No no no, no.
?
But,
since earlier,
she's had that sweet, flower-like smell...
I can't think straight...
This has never happened before.
Why does my head become numb
when I think about her...?
Senpai...?
I'm really-

I'm really glad you were the one who saw us.
